

Not Made By Hands: New Record to Release

FOR IMMEDIATE RELEASE

Not Made By Hands Announces Release of First Singles from Upcoming Album "The Math of Love Unreconciled".

[Kansas City, MO] – Not Made By Hands, the innovative solo artistic project of artist, songwriter, producer, and social-entrepreneur Justin Mathews, is set to make an impact with the release of his highly anticipated album, "The Math of Love Unreconciled."

Co-produced by Justin Mathews and Kevin Clay, the album is a melodic journey. The record boasts an ensemble of exceptional musicians, including Justin Mathews on vocals and guitars, Billy Brimblecom Jr. on drums (known for his work with The Creature Comforts, The Start, Black Pool Lights, and Summer Breeze - also Executive Director of the Steps of Faith Foundation and Thundergong!), Chris Foley on bass (notable for his contributions to Luxury and Canary), and Kevin Clay on synth and programming (known for Soundtracks For Wasted Youth and My Little Dog China).

The recording took place under the skilled engineering of Troy Deaton (of Curious Fools) at Foxwood Studios in Nashville, Tennessee. Mastering was handled by the Grammy nominated Steven Patrick Wilson, known for his work with Ghosthood, The Class of 98, and Julian Skelter.

Not Made By Hands is not just a musical endeavor; it's a creative platform with a mission. Justin Mathews, the driving force behind the project, is not only a talented artist but also an Orthodox Christian priest and social-entrepreneur (RS3101.org & ThelmasKitchen.org). Through his art and music, he delves into thought-provoking indie rock melodies and powerfully poetic lyrics,

addressing themes of nostalgic love, loss, faith, mental health, and human connection with profound vulnerability and sincerity.

Beyond the music, Not Made By Hands aspires to transcend the boundaries of a traditional band. Mathews envisions it becoming an artistic social venture that explores the intersection of creativity, commerce, and community impact. Mathews firmly believes in the unique capacity of artistic projects to empower communities to envision a world different from their present reality.

Currently residing in Kansas City with his family, Justin Mathews is deeply involved in community-building initiatives, including leading Reconciliation Services (RS3101.org), founding Thelma's Kitchen (ThelmasKitchen.org), co-founding the Social Venture Studio (SocialVentureStudio.com), and serving the community as an Orthodox Christian priest as rector of the Mother Maria of Paris Chapel.

About Not Made By Hands

Not Made By Hands is the multi-dimensional creative platform of Justin Mathews, a talented artist, songwriter, producer, Orthodox Christian priest, and social-entrepreneur. His music is a fusion of indie rock melodies and powerfully poetic lyrics that explore themes of love, loss, faith, mental health, and human connection with profound vulnerability and sincerity. Beyond the music, Not Made By Hands is a social venture in formation dedicated to the intersection of creativity, commerce, and community impact, working to empower communities to envision a better future through the arts.
